This ecclesiastical court commenced its annual session at Pisgah Church, Gaston County, N. C., on the 12th and adjourned on the 16th instant. When all the members are present it consists of about one hundred and thirty delegates. The territory embraced by the synod is co-extensive with all the Southern and some of the Western States. The usual routine business was transacted. Erskine College and the Theological Seminary were reported to be in a very thriving condition. The latter especially is reported to have twice as many students as on any previous occasion.

Bishop Howe's Appointments.

The bishop will fill appointments at the following places during this month: Willington, in the week; Edgefield, in the week; Newberry, fitteenth Sunday after Trinity; Rock Hill. (consecration of church.) sixteenth Sunday after Trinity; Yorkville, Wednesday, 18th: Chester, seventeenth Sunday after Trinity; Winnsboro', eighteenth Sunday after Trinity; Missionary services as appointed by the cler gy. The bishop will be prepared to officiate on week days at any services, and at such points beyond the parish churches as the clergy may designate. On Sundays, at his visitation, the bishop recommends that the Holy Communion be administered, and that sufficient notice be given to the congregations that the offertory will be placed at his disposal in aid of the diocese.

Miscellaneous Notes.

To-morrow is the seventeenth Sunday after Triaity. The Rev. Luther, of Rome, Georgia, is

preaching to large crowds in Edgefield, where he is on a visit. A protracted religious meeting was held in

Lexington, at Mount Eble Baptist Church, last week, when over thirty-five persons professed

religion. At a revival at Bethel Baptist Church, near Mount Eble, on the Ridge, Edgefield County, sixty-seven persons have been baptized re-

cently. The next session of the Orangeburg Baptist Missionary Union will be held with the Branchville Baptist Church at Branchville, S. C., on Friday before the fifth Sabbath in Sep-

A protracted religious meeting now in progress at the Methodist Church, Sumter, is invested with more than ordinary interest. On Sunday night last the scene was one of great solemnity and impressiveness. The entire altar was crowded with the youth of the congregation of both sexes, and the good work continues to move forward.

THE WEATHER YESTERDAY.

A very sudden change occurred in the weather about three o'clock yesterday morning. The temperature, which at ten o'clock on Thursday night had been comparatively warm, became disagreeably cold in a short time. People who had gone to bed without covering were forced to get up and hunt in the dark for blankets. All day long the weather was more like November than September.

CITY IMPROVEMENTS.

The large wooder tenement on the south side of Wentworth street, two doors west of St. Philip, has recently been purchased by Mr. M. Triest, the Cincinnati lager beer man, and subjected to a thorough overhauling and repairing, both inside and outside. It has also been freshly painted from top to bottom. The exterior is painted white, with green windows. The dwelling of Dr. M. E. Carrere, on the southwest corner of Coming and Warren streets, is being repaired and repainted in the interior.

The store of Messrs. John Hurkamp & Co. on the southeast corner of King and Broad streets, has also been newly painted within and without.

The front will be of brick, covered with a coating of cream colored cement. The first floor will be entered from the street by a large folding door sixteen feet wide, with a square heading. On the north side of this door will be a show window for confectionery, &c., six feet wide, also with a square head. THE PRINCE OF CRACKSMEN.

Arrest of Forrester in Charleston,

Forrester, the notorious burglar and alleged murderer of Nathans, was arrested in Charleston, on the 15th of May, 1871, by officers Lovett and Marochetti, of the detective force. The arrest was made in a saloon on Meeting street, and was prompted by his suspicious conduct. He had with him a gold watch numhered 2251, which he was endeavoring to sell at a very low figure. At that time he passed under his well-known alias of Winslow. Aiter a short imprisonment, he was release on a writ of habeas corpus; Colonel R. W. Seymour acting as his counsel. Three hours after his discharge a dispatch was received from Eavannah requesting the officers to hold him until a German grocer of that city, who had been robbed of a gold watch, could arrive to identify the one found in Winslow's possession. Winslow went to Savannah the same day, giving the conductor another watch and chain as security for his passage money. Two days later be was arrested in Savannah. The gold watch had been retained by the Charleston detectives, and was delivered to the Ger-Bolters' County Convention, at the primary man spoken of above, who identified it as an old family relic.

AN AVALANCHE OF FREIGHT.

The freight is pouring over the South Carolina Railroad with astonishing rapidity. Cotton is coming down in large quantities, and the rush of up-freight is such that a hundred car-loads are dispatched daily. All the drays, trucks and wagons in the city seem to have been pressed into service, to haul the mountains of goods discharged from the steamers up to the railroad depot. In spite of this business the line goes on like clock-work; no blocking and no delay.

POLITICS IN ST. ANDREW'S.

A meeting of the Moses-Mackey Republicans was held at the Episcopal Church in St. Andrew's Parish yesterday. About two hundred persons were present. Speeches were made by Colonel W. N. Tait, Thos. Mishaw, T. H. Jones and others. Resolutions ratifying the nominations of the Moses ticket were adopted. The meeting adjourned after an orderly session.

Weekly Review of the Wilmington Na val Stores Market.

WILMINGTON, September 19.

ROSIN.—We have no attractive or important feature whatever to report in the entire rodin market since last week. Strained opened on Friday with a speculative movement among buyers, and though the advices from New York were adverse to prices, yet the transactions were at unchanged figures, and upwards of 1600 bbls changed hands. Saturday the market became unsettled, prices tending downward, and sales were made of 4°6 bbls at a decline of five cents. Monday nothing further was developed as regards prices, there being no transactions. Tuesday a better feeling sprang up, and 2000 bbls were sold at an ad ance corresponding to the previous day's decline. Wedup, and 2000 bbls were sold at an ad ance corresponding to the previous day's decline. Wednesday—nothing of moment has transpired to interrupt the regularity of prices. To-may (Thursday) a further alvance has been gained of 5 cents. In strained there have been a few transactions in futures, but we were unable to obtain correct information. No. 2, in its relative position, has been very buoyant and regular, and transactions have been free. No I and fine grades are without change of prices. The inquiry for these qualities were good, and considerable quantities have changed owners. The receipts for the week 1,626 bbls against 12,893 bbls is a slight decre-se. The exports, 9879 bbs against 17,696 bbls, show a marked failing off. The stock has been slightly increased, the bulk of which, however, is held by second hands.

SPIRITS TURPENTINE—The market has been

second hands.

SPIRITS TURPENTINE—The market has been rather unsettled during the past week and has fluctuated considerably. On Friday it opened with a good demand for export and the fransactions were fre at the closing quotations of last week.

"ay, the news from New York being adverse to prices, a concession of it was made. Monday the decine was gained by a corresponding advance. These was morning a further advance of %c was made; in the evening the market closed excited, with offers from burers at 57%c, but sellers were asking higher figures.

vance of %c was made; in the evening the market closed excited, with offers from buyers at 57%c, but sellers were asking higher figures. Wednesday morning the excitement continued, and buyers were offering freely 55c, but sellers were asking 59a60c; late in the evening, however, sales were made at 58c. T.-day, (Thursday) at the close of our report, the market was still innoyant and prices were tending upwards. The receipts for the week, \$428 casks, agailast 2936 casks for last week, were an increase of 1030 casks. The exports have been large, and the stock in market is about the same as last week.

Order Turgentine.—In the early part of the week, the receipts being of no greater size than were necessarily required for the daily consumption, and there also being a good demand for export current at the same time, the market was buoyant, and last week's closing brices were easily obtained. On Monday the arrival of a raft of 500 bbis, with large receipts by rail, overstock ed the market, and sellers to effect sales made a concession of 25c on yellow dip and virgin. For the past day or so the upward movement of spirits turpentine has given strength to the undertone of the market, and receivers have been trying to obtain an advance, but their concerted efforts have proven a failure, and the market closes firm at \$310 for hard and \$5 for yellow dip and virgin. The receipts for the week will fully equal those of last week. The exports will as ocompare with those of the preceding week. The stock in market is but a fraction smaller than reported last week.

LATEST MARKET. WILMINGTON, September 20.
SPIRITS TURPENTINE.—Market quiet. Sales of
418 cask* at 58c per gallon for Southern packages.
ROBIN,—Market shows an advance of 5c on

strained. Sales of 2225 bbls at \$3 65a8 70 for strained, \$3 75 for No 2, \$4a4 25 for low No 1, and \$5 for low pale. \$6 for low paie.

CRUDE TURPENTINE.—Market quiet. Sales of 416 bbls at \$3 10 for hard, \$6 for yellow dip, and 6 for virgin. Tar.—Market firm. Sales of 95 bbis at \$3 10 per

During the week prices have declined %ale notwithstanding the demand and sales have almost equalled the receipts and otherings. The market opened *t 19%a19%c, but the continue heavy receipts of the new crop, being 3933 bale so far this season, an excess of 2761 bales ove last season, caused a steady decline, which manot be checked until there is a corresponding decrease of receipts in the near future. There is no doubt that the causer of considerable reduction in the anticipated yield; but conjectures at the extent of the new crop are premature and the receipt of the new crop are premature as to the extent of the new crop are premature an uncertain, therefore we can only look for considerable fluctuations in prices for some time t

come. To-day the marker closes weak at 18% a 18% for middlings and 190 for strict or New York middlings. The demand during the week, though large, was not general, being confined to a few buyers, who engages to mit special orders.

The only transactions at the Exchange was Wednesday, 100 bales, October, August, 17%.

The comparison of receipts and shipments, by railroad and river, for the week makes the stock on hand to-day 2191 bales, against 2203 bales at the salme time last year, and receipts of the season to this date as compared with the last season (1871-72) to the same time, show an excess of
